

The Update

The Axe Valley Community College Newsletter: Wednesday 1st March 2017 - Issue 6

History students during their trip to Berlin visiting the famous Olympic Stadium home to Herta Berlin football club and the 1935 Olympics

Headteacher's message

It's exciting to think that by the time I sit down to write my next Headteacher's message, we will be Axe Valley Academy and half of the Vector Learning Trust. A huge amount of work has gone into making this partnership a success and I am so grateful to the governors, the staff and the community for their support over this past year. I can hardly believe that I am coming to the end of my first year at Axe Valley. I am so positive about the direction of the school and as a staff, we look forward to helping our young people here achieve great things over the coming years.

After 1st April, from a student, parent or staff perspective very little will change. There will be some inevitable updates to our branding with a revised logo to reflect our new status but I must stress that we are not asking anyone to purchase any replacement uniform as a result of the conversion. What won't change is our ethos and our desire for the very best in terms of achievement within a supportive environment. The opportunities, trips and visits

and the breadth of the curriculum that are so evident in this month's newsletter will continue but I know that the additional capacity offered by being part of the Trust will mean that in the future we will be able to set our sights even higher.

Axe Valley is a school that we can all be truly proud of and I want to thank you for the part you play in ensuring Axe Valley remains at the heart of our community.

Steven Green - Headteacher

Diary Dates - March 2017

Wed 1st March - Year 8 Options Evening
Thu 2nd March - Theatre Visit
Wed 8th March - ASPIRE Oral History Workshop
Tue 14th March - Creative Writing Workshop
Wed 15th March - Trip to Big Bang South West
Wed 22nd March - Creative Writing Workshop
Fri 24th March - Comic Relief non-uniform day
Tue 28th March - Globe Theatre visit
Tue 28th March - 1.10pm Early Closing Day
Wed 29th March - Spring Concert
30 - 31 March - ASPIRE residential trip to Bristol & Stratford upon Avon
Fri 31st March - Last day of Spring Term
18th April - First day of Summer Term

Student News

Dementia Friends

Dementia nurse Shiobhan Pickering is working with Health and Social care students in years 10 and 11 running dementia friends sessions with information on dementia and how we can all help people living with it to have a fulfilling and meaningful life in our community.

Each session ended with the students writing on the board what they had learned through the talk, the year 10's had 10 new things. Some where, dementia is not just about loss of memory, that dementia is an umbrella term for lots of disease of the brain and that there are around 350 people living in Axminster with Dementia. The year 11's had learned some new things too. People can live well with dementia and that sometimes a person with dementia may see things that are not always there, like a black mat might look like a hole in the ground and that we have lots of support for people to live with dementia in their own homes.

They also agreed to sign up to be dementia friends, www.dementiafriends.org.uk , wear their badge with pride and spread the word.

Year 8 Entrepreneur

I gave a slideshow of my photographs at our Year 6 talent show at Seaton Primary School which generated an interest in my photography. It was suggested that I may be able to use these in some sort of enterprise.

I have been a keen photographer for just over 2 years. I wanted to share some of my pictures and this is when I decided to set up my business by making some greeting cards. By doing this it has allowed me to use my hobby to gain experience in this venture.

I enjoy the great outdoors so I am able to combine my photography with cycling and walking and as a family we have been walking the South West Coast Path. The majority of my photo collection involves our countryside and coast , where I try to focus on the Jurassic Coast. I also have a wider collection which involves Dorset and Cornwall.

I started selling my cards through local craft fairs which then generated interest from some local businesses so I was able to expand to some selected outlets within the Axe Valley during 2016.

I have also launched a website and blog for my 2017 season.

Ardeche 2017 - 13th - 21st July

We are currently organising the fifth trip to France for approximately 40 students accompanied by five members of staff at The Axe Valley Community College during the summer of 2017. It will consist of a two-centre adventure holiday staying at the Segries Chalets (Ardeche) and the Club Mimosa on the Mediterranean. They will canoe 20 km along the 'mighty' Ardeche River bivouacking (if available) for one night under the stars in a secure area. Then travel to the Mediterranean where they will have the opportunity to experience various water sports under the guidance of fully qualified instructors.

The company we shall be using is PGL a respected name in the Outdoor Activity leisure business who will provide the qualified instructors and equipment for all the activities we shall undertake (canoeing, camping, sailing, hobby catting, surf canoeing, windsurfing, swimming).

The cost of the trip will be £801 which we appreciate is a lot of money, but with this they will be entertained from dawn til dusk in a variety of water sports by fully qualified instructors, along with evening entertainment and cultural trips.

The trip is both educational, covering many cross curricular aspects and enjoyable and will be a unique opportunity for students to see and experience another country. The school has a rich tradition in running the trip and students that have attended it in the past have always given us rave reviews about their experiences.

We still have spaces available and if you wish your son/daughter to attend or have any questions at all, please email or call the trip organiser Mr Scott (jscott@axevalley.devon.sch.uk or 01297 32146) as soon as possible to secure your child's place.

This trip is a very unique experience and the College would love to give as many of its students as possible an opportunity to experience the beauties that the South of France has to offer.

Thank you for your support.

Sixth Form Update

Something to stretch the mind!

On Friday 10th February 6th Formers Abigail Pidgeon and Megan Williams attended the Academy Conferences Gifted and Talented masterclass which was held at Kings College Taunton. The day proved to be an intensive day of thinking deeply about some of life's key philosophical issues.

Are all choices moral? What makes a decision moral or not?

Why do we believe the things we do?

Does the Extent of Evil and Suffering Mean that God cannot exist?

The lecturers delivering the topics for discussion were Julie Arliss, Professor Tom Greggs and Dr Stephen Law. Both students agreed that it was a challenging day raising many more questions than answers that would be reflected upon.

Megan commented: Many elements of the masterclass were very interesting, as controversial philosophical questions and concepts were addressed and debated. Many of the subjects broached by the lecturers really made you stop and think about how we live our lives, and what truly is the right or wrong thing to do in a given situation.

Abigail commented: I found the Masterclass to be very insightful and felt privileged to be there as we were among experts from all over the country who had come to talk to us for the day. We covered thought provoking philosophical issues; I'm not a Philosophy student myself but the ideas we discussed were incredible and gave me a better understanding into not just university and my potential desired subject choices but life itself and the importance of it, I would highly recommend this trip to anyone who has the opportunity to go.

Fund Raising

On Friday 24th February Sixth Formers organised a social breakfast for all staff. A wonderful selection of pastries and filled breakfast rolls plus tea and coffee were on offer. Students made £80 that will go towards the local charity 'The Project' and their prom fund. Other fund raising events have included a hot chocolate stall, Roses for Valentines and a pancake stall which have raised £130 all demonstrating the entrepreneurial skills of our Year 12 & 13 students.

Visiting speakers

The 6th Form separated during PSHE last week with Year 13 having a guest speaker from Aberystwyth University outreach team, Harriet Greatrex who spoke to the students on what they can expect from University Life.

Year 12 had members from the food industry talking about the Feeding Britain Future Programme stores represented Asda, Marshfields Bakery who came into discuss the hidden job opportunities within the industry and what students could do to prepare and improve their chances at interview. The session covered what perspective employers looked for in their applicants and students were asked to select candidates from a selection of mock application forms.

UCAS applications

41 students have applied for university at present and 19 have accepted offers. We are currently compiling a list of firm and insurance options for students along with the courses they wish to read.

AxeUs Elections

After a hard fought election campaign between the Matt Quaile & James Windsor v Bevan Brignall & Lily Davis Griffiths camps, the result of the election ballot conducted by the outgoing President, Charlie Hall, revealed a draw.

We had all anticipated it would be close, with Matt's exuberant style balanced by James's mature approach and experience gained as Head Boy last year up against the enthusiastic and cohesive team of Bevan and Lily who were able to bring fresh insights, having both joined the school in the Sixth Form.

Both teams had to present a speech to Sixth Form Assembly, outlining their visions and key electoral pledges. Themes running through these messages included more fundraising and charity work to build on the good work already done this year with charities and local community groups. Candidates were keen for Axe Valley Sixth Form to be externally recognised as a thriving Sixth Form giving a lot back to the community. Naturally both parties also wanted to improve the Sixth Form Facilities including redecoration of the Common room and a replacement toaster featured quite highly! Studying hard clearly requires a lot of coffee and toast!

Charlie Hall consulted the AxeUs constitution and conferred with Director of Sixth Form Mr Dave MacCormick and it was decided to hold another vote. Well done to both teams - we are pleased to announce that this year's AXEUs President will be James Windsor supported by Vice President Matt Quaile.

We would also like to take this opportunity to thank outgoing President Charlie Hall and Vice President Lucy Gay for the excellent direction, leadership and vitality they have injected into AxeUs and the Sixth Form voice. Many of the successful initiatives would not have been possible without the amazing teams who supported them through Prom organisation, Christmas lunch for the elderly and many fundraising events. Well done Sixth Form we are so proud of you.

Lessons from Auschwitz

Two students from Axe Valley Community College Sixth Form have been selected to go on an educational trip, the memories and learning from which, will stay with them for a lifetime. Patrick Flanagan and Ryan Loveridge had to submit a written application explaining why they wanted to be part of this Holocaust trust experience. This Project is an innovative four part course which gives students the opportunity to visit the Nazi death and concentration camp, Auschwitz- Birkenau.

Initially, Patrick and Ryan had to attend an Orientation Seminar to learn about pre-war Jewish life and hear a Holocaust survivor's testimony and prepare for the visit to Poland. On the 1st March the students will have a very early start from Exeter Airport. When in Poland, local experts will guide them through the memorial and museum and educators from the Trust will lead group discussions.

When back in UK, there will be a follow up seminar, where participants will be able to reflect on their experiences, considering the contemporary lessons of the Holocaust and devise practical ways of passing on this information and learning in their role as Holocaust Ambassador.

Ryan, who is currently studying Politics says he "wants to learn more about this very significant part of history and it's wide reaching implications. I am keen to share this knowledge as one of the Ambassadors"

Patrick has an interest in World War 2, he is a Law student and believes that this opportunity will contribute to his understanding of historic legal aspects of war within Europe. Both students plan to run an Assembly for the 6th Form on their return using slideshows and direct quotes from those they have spoken to including the trip including the Holocaust Survivor and others who have lost loved ones in the camps.

Jack Bennett reaches regional finals of prestigious Tpas 2017 awards

Jack Bennett, Year 13, had his outstanding service to sport in the community rewarded by a place at the regional final of the prestigious Tpas awards 2017, which was held at a ceremony in London on 3 February.

Finalist Jack, aged 17, made the shortlist for the young tenant of the year category at the finals having been nominated for the award by Victoria Robinson, East Devon Community Development worker and lead worker of the Millwey SWITCH club. She was determined that Jack should receive acknowledgement for his work in the Axe Valley community, at SWITCH and at Millwey Rise football club.

Commenting on the trip to London to attend the finals, Victoria said: "It was great to see his commitment to sport in his community recognised, not just by the community, but on a wider scale. Jack has been coming to my club since we started and it has been lovely to see him develop his leadership skills and his sense of community spirit."

"I would like to thank the sports team at Axe Valley Community College and the coach, Dan Murnane from Millwey Rise FC for their help in putting the nomination together."

Councillor Jill Elson, East Devon District Council's portfolio holder for sustainable homes and communities, said: "I am so pleased that Jack is being recognised for his efforts in the community – this nomination is well deserved, particularly as he always puts others before himself. Jack is a shining example to all that know him and I know from talking to his peers that the youth football coaching he does for his beloved Millwey Rise FC is very much valued."

The prestigious Award Ceremony was held at the Hilton at Wembley and then Jack got the opportunity to visit Wembley Stadium. Pictured is Jack with his Award at the event and then in the Trophy room and his favourite is photo is with him looking at the amazing pitch and

Valentine roses

Girls from Sixth Form ran a stall on two lunchtimes to collect orders for people to send their Valentine a rose. The roses could be sent with an optional message and they could also be sent anonymously.

It was great fun to deliver them and see the reactions of the people who received a rose. The money we raised will be split between our prom and a local charity called The Project.

Evie Franklin - 13HT

Communicating with your teenager about self-harm

A recent survey found that 60% of parents feel uncomfortable discussing self-harm with their children. This course has been designed to make the subject of self-harm more approachable.

Who is this course for?

This course has been made for parents to help them discuss the impact of self-harm with their children.

What will you learn?

This course aims to give you a basic awareness of self-harm. You'll be given essential information around the subject so you can speak with more confidence to your children on the issue of self-harm.

Virtual College have donated their time and resources to create this free online course with **SelfharmUK** to help support those impacted by self-harm.

Access your free online course:

VIRTUAL
COLLEGE

Berlin Trip

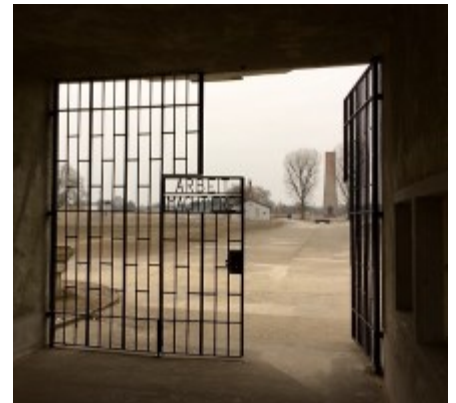

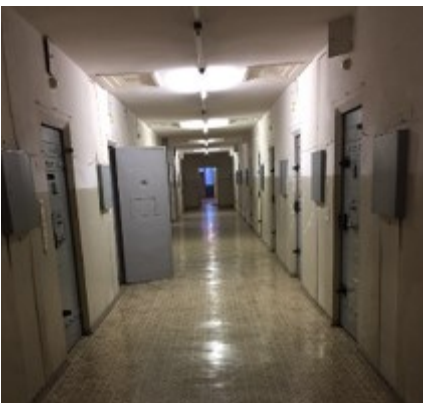

Day 1: Our first visit was down a cobble street in the outskirts of Berlin to the eerie Plotensee Execution Centre, where opponents of the Nazi regime including some of the Staffenberg bomb plot met a grisly end...

Next it was the famous Olympic Stadium home to Herta Berlin football club, the 1935 Olympics, and Berlin's mascot the Bear. Some of us ran round the stadium, seeing the outdoor Olympic pool and the gift shop for football merchandise.

Day 2: Next to the Grunewald deportation station where Berlin Jews were dispatched East to Concentration Camps and Ghettos. Before being dropped off in Berlin centre for lunch at Alexanderplatz then taking the S-Bahn to the old secret zone of East Berlin, which was left as a blank on Soviet Maps. We entered the Secret Police Stasi Prison, and were guided around the cells, the interrogation rooms and saw the arrest van, and open air exercise cell.

Day 3: On a very cold -6c morning we visited Sachsenhausen memorial, the site of the Berlin work

and concentration camp complex. We saw barracks, kitchens, the gun shot execution facility and crematoria along with the mortuary. For lunch we visited a favourite destination for a warming lunch of Schnitzel and chips, the old East German Remus Restaurant with it's wood panelling.

The afternoon was to be spent outside Berlin; first passing over the famous Gernicke bridge of Spies between East and West which saw the exchange of American Spy plane pilot Gary Powers. We then set off for Potsdam the location for the final conference of the big 3 (Stalin, Churchill & Roosevelt) which decided the future for Germany at the end of WW2. The evening was spent quizzing.

Thanks to Miss Coghlan, Mr Ramsbottom and Mr Irvine and Steve our guide who gave up their break and sleep to make this possible, and to all the students who kept us amused and made the whole trip fun.

Mr Knott - Subject Leader for History

Sports Update

Girls Football

The U16 Girls Football Team travelled to Exmouth to play the last round matches of the league. The winner of the league would move forward and represent East Devon in the next round of the competition. The girls faced Honiton in their first game. The TAVCC started the strongest with Sophie Sharpe pouncing on a goal keeping error. This seemed to boost the confidence of the team and they started to push forward with more purpose. The second goal followed quickly with some good inter play between Sophie and Nicole Tait. The girls looked like a well organised unit and were able to follow up with two further goals. A 4-0 win to start their campaign.

Their second game was against King's. The team knew that the opposition had some strong players and set about who was marking who early on. TAVCC attacked hard and Sharpe again was able to score. Again the teams confidence was boosted and they continued to play well. Nella Cloude did a fantastic job organising the defence and making important interceptions. The final score was 2-0 win to Axe Valley.

The final game was against the favourites Exmouth. The team knew a few of their players from local clubs. They knew they would have to defend well and convert any chances early on. The start of the game was very cagey and the two teams cancelled each other out. Exmouth then managed to break from a missed tackle and slotted the ball home past Britney Macklin in goal. The TAVCC heads did not drop and if anything it made them more determined. Millie Dack did a fantastic job defending against one of the Exmouth teams strongest players. She demonstrated great strength and skill. She was able to break from the back and supply a ball for Sharpe to convert. 1-1 with only minutes remaining. The team kept it tight and made some important interceptions, but Exmouth were relentless. Again a missed tackle saw them with a 2v1 advantage which gave Macklin no chance. The score 2-1 with only two minutes remaining. TAVCC continued to play hard but were beaten by the clock. The game finished 2-1 to Exmouth. This win sees Exmouth represent East Devon at the next stage of the competition.

A fantastic performance by all the TAVCC team. The stand out performance was Nella Cloude in defence who commanded the back and demonstrated some brilliant individual skills. It was a pleasure to be part of the adventure.

Mrs Baker - PE Department

East Devon U14 Table Tennis Competition

The following students represented the college in the above competition at King's last night. They were divided into A and B squads. All students were a credit to the college demonstrating great sportsmanship and gaining in confidence with every game they played. The B squad enjoyed the experience and the A squad missed going through to the next round by one point.

Mr Owen - PE Department

Alex Ball	Kyle Chattaway
Cameron Board	Callum Peach
Miles Akeroyd	Dan Rowe
Joe Goodhew	Braidey Yeo
Patrick Tytherleigh	Jack Derbyshire

Swimming Gala

On Wednesday 22nd February some of our Year 8 and 9 leaders ran our primary Year 3 and 4 swimming gala. The students were outstanding on the day and have been very reliable throughout the year. The gala involved the leaders timing races; score boards; organising a range of equipment and completing demonstrations on the day. The students on the score desk really had their maths skills and concentration challenged throughout the afternoon. Their attention to detail was excellent. We saw some fantastic races from the primary schools with great encouragement from leaders and individual teams to give us a wonderful atmosphere.

A special well done to all involved.

Mrs Oxley - Sports Coordinator

PE DEPARTMENT FIXTURES – March 2017

Fixtures will only be fulfilled if sufficient students attend regular school training

Date	Who	Activity	Details
Weds 1 st March Tues 14 th March Reserve: 21 st March	Year 8	Boys U13 Football League at King's, Ottery St Mary	Depart: 3.20pm Finish: 5.15 approx Return: 6.00 approx

PE STARS

in February 2017

WHO?

WHY?

Girls:

Hope Hoskins	Excellent performance in football
Tyesha Augustine	Excellent performance in football
Molly Smith	Excellent performance in football
Casey Phillips	Outstanding
Fleur Power	Super perseverance in team
Tamsin Paige	Excellent helper/judge
7q—whole group	Super teamwork
Neve Wellman	Very good progress
Georgia Windsor	Very good progress
Georgie Hardy	Excellent ability
Alex & Chloe	Massive effort
Issy Taylor	Excellent listening skills
Emily Grabham	Excellent effort
Jasmine McAuley	Super group work in dance

WHO?

WHY?

Freya Lee	Super group work in dance
Izzy Simpson	Super group work in dance
Molly Bolton	Super group work in dance
Millie Partridge	Super group work in dance
Boys:	
Bailey Newton	Excellent performance Gymnastics
Jai Burrough	Awesome vaulting
Tyler Wilson	Awesome vaulting
Bob Hedges	Awesome vaulting
Zak Foxwell	Great effort in PE lessons
Joe Richardson	Support for PE & school sport
Jack Bennett	Support for PE & school sport
Brad Conway	Support for PE & school sport

REACH

Wood turning Workshops

REACH students had another enjoyable evening at the Axminster Skill Centre working on the industrial lathes to make beautiful pens. The final set in this series of workshops will be on the 29th March.

Meet the Mentor

The REACH Meet the Mentor event was a fun and stimulating event. All Year 10 REACH students participated and met with our volunteer mentors, discussing with each one in turn. They broke the ice with fun questions such as “Are you more like a shark or a sardine?” or “Would you prefer to go to Cuba or Alaska?” and talked in general terms to see how well they’d get along. They also talked about their backgrounds and career histories so that the students could work out which mentors had most in common with them.

The student responses to the event have been collated and one-to-one appointments will start on the 2nd and 3rd of March. The students will have an opportunity to meet with their mentor for three sessions to discuss their career choices and any issues they may have to do with their studies. The mentors are committed to boosting the students’ confidence and helping them to make the right choices for themselves.

Newton Abbot trip

On the 28th February a group of 12 REACH students visited Newton Abbot, firstly the hugely successful and dynamic dancewear distributors IDS and then secondly for a hairdressing workshop with South Devon College.

IDS's HR Manager showed us around the business from the costume showroom which delighted the girls with the incredible range of sparkly and showy tutus and outfits, through the distribution area in the main warehouse where they met with the warehouse manager and some of the pickers, followed by the sales team in adjoining offices. The students talked to the marketing manager who told them about the global scale of the business and encouraged them to work hard at their languages. Finally we met with the Managing Director and one of his innovation team and talked about the exciting initiatives they are working on to continue to expand and grow the business. We were delighted to hear the girls chattering about setting up their own dance studios and businesses back on the bus.

Next stop we visited the South Devon College Hairdressing studio where the students had a taster session alongside a group of 2nd year students. The girls were given a demonstration and then had a chance to try out styling for themselves. It was a particular bonus to be working alongside the other students and a fantastic way for the girls to see first-hand what it would be like to study hairdressing at college.

REACH Events coming up in March:

Creative Writing Workshop for Year 7 REACH students — 14th March

Spring Clean Boxes Initiative — 28th March in aid of Axminster Food Bank

Wood turning workshop — 29th March, the last in the series

ASPIRE

Double Elephant Printing Workshop

On the 8th February Simon Ripley from the Double Elephant Printing team and Mollie Beattie, 3rd Year printmaking student from Plymouth University visited us to work with two groups of students. Firstly the primary ASPIRE students had a wonderful time working on the theme "Taking Flight", creating beautiful layered pictures of birds, planes, rockets, kites and butterflies. They worked using a block printing technique and then progressed to a layering technique.

In the afternoon secondary ASPIRE students worked on the theme of "Tolerance" creating images showing friendship, cultural differences and the developing world. It was a very challenging theme that the students worked on with incredible imagination. The second part of the session the students learned the etching technique of scratching designs onto acrylic and then printing the results with black ink through the press. The results were fantastic and the students very proud of their fabulous work.

Powderham Castle, Classical Music Event

On 24th February we visited the beautiful Powderham Castle for a concert of Opera and Gilbert and Sullivan pieces. The performers were five final year students from the Royal Welsh College of Music and Drama who sang in French, Italian and German as well as in English. The pieces included examples by Johann Strauss and Mozart from "Die Fledermaus", "Le nozze di Figaro" and "Cosi fan tutte" as well as fun and comedic pieces by Gilbert and Sullivan such as the Policeman's song from "The Pirates of Penzance".

The event was held in the elegant James Wyatt Music Room that is decorated in pink and green and highly ornate with a white marble fireplace, alabaster vases, mirrors and 17th century organ. The castle is a fabulous and magnificent backdrop for this series of classical music events and we are very grateful to the Earl and Countess of Devon for hosting these.

Visit to Bristol University

On the 7th February we visited Bristol University. Firstly the students were given a presentation by the outreach team on the benefits of a university education, the fantastic variety of courses and activities, the realities of student finance and the opportunities for students to travel as well as, of course, the possibility of a better and more fulfilling career beyond education.

The student ambassadors then took us on a tour of the campus and facilities before returning to the Physics department for a taster lecture in one of the lecture theatres. The lecture was with Physics professor Dr Helen Heath who gave us an explanation and demonstration of making ice cream with liquid nitrogen. The students enjoyed the day immensely, Louise from Year 9 said "it was an amazing day and really made me rethink my future education decisions".

Meet the Coaches

On the 23rd February 8 volunteer coaches came to meet our ASPIRE students in Years 9 and 10. Most of the coaches are from local businesses and several are former students of the college.

At the event the students were able to discuss the coaches' career and education background as well as get to know them with a view to meeting once a month at one-to-one appointments. This is a fantastic opportunity for students to get some guidance and support from professionals in our community.

Events coming up in March:

WW2 Oral History Project, - Wednesday 8th March

Big Bang South West Science and Engineering Fair at the NEC in Birmingham—Wednesday 15th March

Skills for Success workshops—this workshop has been postponed to the summer term

Creative writing workshop for the younger students - 14th and 22nd March

Residential trip at the end of term - 30-31st March to Bristol and Stratford upon Avon

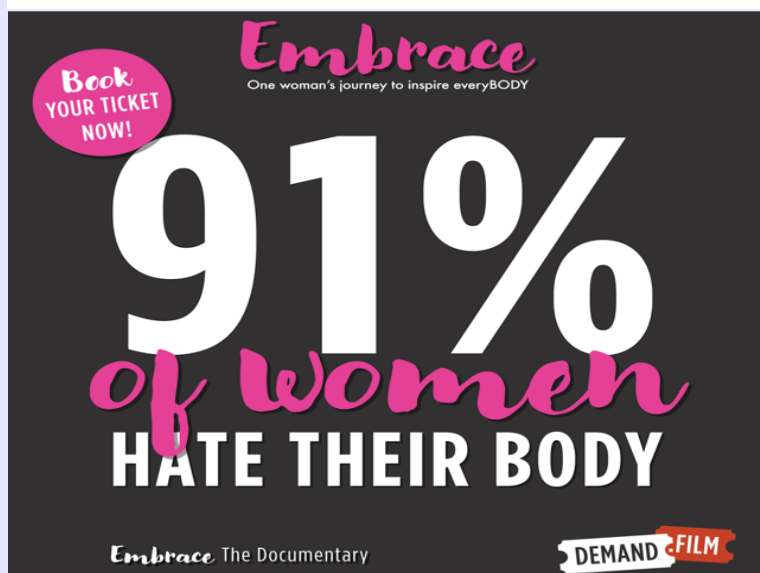

Community Noticeboard

Axe Valley mum is keen to let everyone know that this film, Embrace, is showing in Lyme Regis on 9th March (ticket link <https://tickets.demand.film/event/1506>) and that a very kind donor has made available 2 tickets for Axe Valley students (please email embrace@nutriri.org to ask for one of these), there'll be goody bags for each movie goer and prizes on the night donated by local food and body positive companies.

You can also win 2 ticket refunds by using the link above when buying tickets.
The film Embrace is on worldwide release right now and receiving amazing reviews

DON'T MISS IT! (12a)

Axminster New Youth Club
