# AX-PEDITION

## THE ROUTES

### The Ankle Grinder

Not for the faint hearted - our 50KM ride will have you sweating through the stunning Axe Valley and rural Somerset countryside. You will certainly need a water bottle, or two.

### The Cyclone

The rumours are true, it's a killer - 100KMs of pure pain, this route will sort the riders from the rookies, and test your ability like no other. Join the ranks of the elite and complete our leg wrencher of a ride - go on, we dare you!

## Why Join Us?

- ✓ All our routes are planned by people with local knowledge who are part of the Axminster Tools & Machinery cycle team and have clocked up many miles on the local roads.
- ✓ All the routes pass through the Axe Valley offering a unique challenge for new and seasoned riders
- ✓ Although it's not a race you will still be timed, so that you know how well you have performed in comparison to your friends or foes?
- ✓ There will be water and food stops provided around the routes to keep you going
- ✓ Check out the routes before the race and download the GPX file so that you are totally prepared
- ✓ Bring the whole family! We have food and entertainment at the finish line Including live music!
- ✓ On the day entry will also be available as long as the event hasn't sold out and places are still available.

## Help Us Raise Money For

For 2016 the Ax-pedition has upped the ante as this year we are raising money to support four fantastic charities. This means your support by signing up and getting sponsored really counts! All proceeds made from the Ax-pedition 2016 will be divided among the charities.
