

## Behaviour

The **Behaviour** option is accessible from both the **Menu Bar** and a **Widget**.

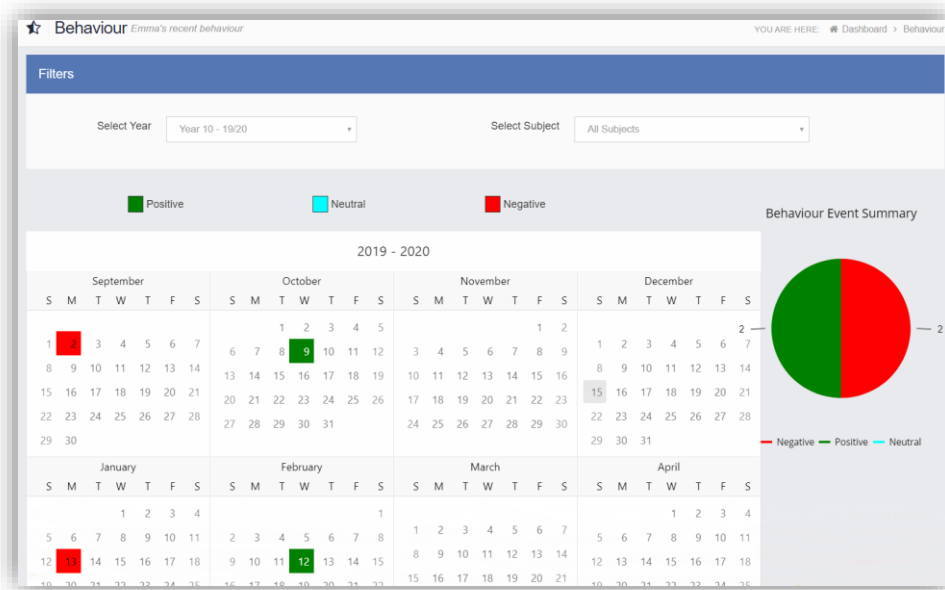

The **Widget** displays the **Behaviour** for the last 5 **Events**. Click on the **More** button to open the **Behaviour** page.

A screenshot of a widget titled "Behaviour" for "Emma's recent behaviour". It includes a "More" button and a table with the following data:

Date	Description	Status
12/02/20	Good Classwork	✓
13/01/20	C0 Minor Consequence	✗
09/10/19	Star Pupil	✓
02/09/19	Chewing Gum	✗

It displays the school year showing school days with the student **Behaviour Events**, there is a legend which explains the colour coding. The colours are configurable by the school so may differ from the image. The displayed colour for each day is taken from the highest priority recorded for that day with a **Negative Event** being the highest i.e. any recorded **Negative Event** will result in that day being highlighted in red or the schools chosen colour, even if there are other **Events** that day. The **Pie Chart Summary** displays all **Events**.

The **Behaviour** for a single **Subject** can also be displayed by selecting the **Subject** from the dropdown menu, as can the year.
