

Outstanding Payments

The **Outstanding Payments** option is accessible only from the **Menu Bar** and a **Widget**.

When items have been purchased from the **School Shop** and there is an outstanding amount, for instance a payment in **Instalments**, this will be displayed on the **Outstanding Payments Widget**.

Clicking on the **More** button will display the full details. An **Instalment** can be paid by clicking on the **Add to Basket** button on either page, this can then be paid in the normal way.
