EBACC

The EBACC is highly prized by Universities, further education providers and employers and recognises that you have met a national standard which may be useful in the future. The EBACC is achieved by achieving grade 5 or above in the following combination of subjects: English, Maths, at least two Sciences, History or Geography and French.

To ensure you have the opportunity to achieve the EBACC you would need to select French and either Geography or History as choices 1 and 2 (Please note that you can select all three subjects in your option choices).

I have carefully selected 6 subjects that I would like to study in Key Stage 4. I realise that the Academy will try to place my first 4 subjects choices where possible but where this is not, I confirm that I am happy to study my 5th and 6th subject choices.
